Announcement of the Northfield Airport Attracting Attention Throughout Flying Circles All Over the Country

It is No Secret That Many Surveys of Our Meadow Land Have Been Made From the Air as well as the Ground and All Reports are Favorable

The Combination of Land and Water Facilities will Make Our Field Especially Attractive

The announcement of plans for an airport at Northfield, as given in our last week's issue, has aroused no little attention, not only locally but elsewhere. Among the newspapers treating the matter with some prominence we note the Greenfield Recorder, Springfield Union and Brattleboro Reformer; and it was carried as a news item in most of the exchanges that come to our desk.

Also, the commercial companies are beginning to flood us with inquiries as to what we have to offer them in the way of accommodation and one flyer has already talked of building his own hangar, various concerns have made tentative offers as to installation of gasoline tanks, repair shops, etc., and all indications point to an elaborate program for our opening days in October.

But, of course, it is too early yet to go into detail as to what is being planned. Suffice it to say that the opening of the Northfield Airport is expected to be an epoch-making date in the history of our little town.

Through the courtesy of Fred Holton, in the loan of his valuable surveying instruments, and the Northfield Press truck conveyance, Messrs. Wilder and Hart, assisted by Ronald Chapman, were able to run the preliminary lines of the field last Saturday. With these all checked up and mapped, it is hoped to proceed further next Saturday, marking the runways, as well as designating the points for buildings, ground and air markers, etc. Lawrence Quinlan is cutting suitable poles for the latter and we will soon have to be calling upon lady volunteers to sew the air markers, which are long and bag shaped, to show the direction of the wind down on the field to the aviator who is making a landing.

As space permits we are printing below some of the communications already received in regard to the airport matter and hope to hear from everybody interested (for publication in future issues). May we not have your views and, also, whatever measure of cooperation YOU care to offer..... whether it be service, material or good wishes. We need all three of these. Thank you.

R. R. CROSSING AND MEADOW STREET NEEDS

Northfield, Aug. 11, 1929.
Editor:

I suppose you will have all kinds of advice about the airport when you open it, if you succeed in doing so, but I wonder how you are going to get the crowd down on the meadow and back again. I've been at some of the other airport openings and they had hundreds of cars and thousands of people. If Meadow Street is to be your main entrance to the field something will have to be done about it. It's a bump road in spots now and not wide enough for two teams to pass and the railroad crossing is rotten and dangerous. The C. V. ought to fix that for the occasion anyway.

Best of wishes for your success and three cheers for Lawrence Quinlan.

MIGHTY GLAD TO HAVE FRED HARRIS STRONG FOR US

Brattleboro, Vt., August 10, 1929.
Editor of The Northfield Press

Dear Sir:

I wish to congratulate your community on the news appearing in your issue of August 9th to the effect that Northfield is to have an aviation field. I think you undoubtedly have a splendid location on the large meadows adjacent to the Connecticut River where both land planes and seaplanes could make safe landings. I think all should appreciate the generous offer of Mr. Lawrence Quinlan in helping to make this possible. Your local post of the American Legion is certainly showing a splendid spirit of cooperation.

I have been much in hopes that Brattleboro, Northfield, and possibly Hinsdale, N. H., might cooperate in developing an airport four miles north of Northfield at Vernon, Vt., on a site which already has been inspected by the Department of Commerce and described as one capable of being developed into a Class I airport. This would make a community airport capable of serving the entire territory in

this vicinity. Even if the land is doable hangar, the grading of the field, nated free, the cost of building a suitable erection of an excellent mechanics shop, and the possible installation of night flying apparatus will reach such a large sum that it is a great burden on any one small community. If this financial burden could be shared by two or more communities, it would make the work much easier for all concerned. This has already been done by White River Junction, Vt., and Hanover and Lebanon, N. H., in the establishing of the new \$50,000 airport on the old Twin State Fair Grounds at White River Junction. This community idea is the same as the one I discussed with you several months ago.

Since, however, Brattleboro has been so slow in arriving at some definite decision, I do not blame you for going ahead independently. If there is any way I can help in your project, please do not hesitate to call on me. Again with sincere congratulations, Yours very truly,
Fred H. Harris.

THE "CHILDREN'S CRUSADE" GIVEN BY THE CAMP ARDEN GIRLS AMONG CATHEDRAL PINES LAST SATURDAY SAID TO HAVE BEEN MOST THRILLING PAGEANT OF THE YEAR

The "Crusade of the Children" as presented by the young ladies of Camp Arden, Brattleboro, last Saturday afternoon was unquestionably one of the most beautiful and unique events that has ever occurred in Northfield. The plot is based upon that strange movement of the 13th century when some 50,000 German and French children, inspired by the spirit of the Crusades, set out without spear or sword but in the power of the love of God, to rescue Jerusalem and the Holy Sepulcher from the Saracens. This drama depicts the beginnings of the French movement under Stephen of Cloyes, and brings the children in five acts as far as Marseilles.

The setting for the performance among the Cathedral pines at Virginia Fresh Air Camp was peculiarly appropriate for the plot. The many paths from the open central area back into the woods just suit the outdoor plot for exits. The audience of 500 or more were provided with seats whence they could see and hear all the play. And the presentation was favored with ideal weather.

The cast of over 50 was composed of the young ladies and staff of Camp Arden, all but a group of eight monks, Arthur Phillips and Vere Richards of New York; Messrs. Clark, Polz and Ewing of Camp Arden; and Dr. Wright, P. W. E. Hart and A. P. Pitt of Northfield. These monks chanted "De Profundis" as they moved in slow procession across the stage. It was the first time men had ever played this part, and Miss Everts, the director, said the contrast between the men's voices and the girls' added to the dramatic effect. Mrs. Elizabeth Woodbridge Morris, wife of Charles Morris, Connecticut gubernatorial candidate on the Democratic ticket last fall, is the author of the play, and had a minor part in it.

The cast also included Miss Elizabeth Spark of New Haven, Conn., in the role of Stephen; the Misses Helen and Katherine Ewing, of Lake Forest, Ill.,

in the roles of Florette and Gaspard; the Misses Maria Taylor and Mary Davis of San Antonio, Texas, in the roles of Bernardin and Colette; the Misses Phoebe Weed and Ann Oliver of St. Louis, Mo., in the roles of Marcel and Gilbert; Miss Elizabeth Morris, daughter of the authoress, in the role of Yvette, and Miss Dorothy Goodwin of Hartford, Conn., in the role of Pierre.

The staging of the play was under the direction of Miss Katherine Jewell Everts, in charge of Camp Arden. She was assisted by Miss Elizabeth Whitney, co-head of the camp. Costume designs were in charge of Miss Margaret Bridgeman, dean of Skidmore college.

The acting and the costumes were most effective. The "Crusade of the Children" is a living drama at Camp Arden. They perform it privately several times every summer with different casts, so the whole drama, which thus gives tone and atmosphere to life at the camp. The Crusaders' hymn "Fairer Lord Jesus", which is sung three or four times as a marching song in the play, is one of the favorite camp hymns.

The audience last Saturday included a host of conference visitors, also a number of friends from Brattleboro, Walpole, Greenfield and other out of town points. The ushering was in charge of Mrs. Lucius Janeway and Miss Victoria Sankey, assisted by eight town girls.

The gross receipts overtopped \$360, the balance of which after paying some unavoidable expenses goes into the treasury of Virginia camp. The management desires to express thanks to E. L. Hildreth and Co. of Brattleboro, the Northfield Press, and others who donated material help in different ways. Virginia camp is under deep obligation to Camp Arden for their gracious assistance in giving the play.

After the presentation the Arden friends had supper with Mr. and Mrs. Pitt before returning to camp.

Northfield Wins From West Dummerston

Northfield won a very interesting and exciting game from West Dummerston on Wednesday evening by the score of 4 to 2. "Sally" Salsbury connected for a long three bagger in the fifth and scored when Dean Williams collected a bingle, his second out of three trips to the plate. Good fielding by both teams featured.

There will be no game here next Wednesday as the boys go to Warwick in the afternoon to help the Warwick team celebrate their Old Home Day. Don't forget Shelburne Falls tonight. They've beaten us twice this season but can they do it again? And a week from Friday Bernardston. Remember the last game with them.

Give Cranberries Room

HY crowd all your cranberries into your Christmas and Thanksgiving dinners? They are put up in cans and can be purchased just as easily at any other season of the year. The product is tasty and has sufficient tartness to add a lot of zest to any meal. So make more room for cranberries on your menu. Here is a tempting recipe to help you along:

Cranberry Jelly Salad: Heat the contents of one can of cranberry jelly with one-half cup of orange juice and two tablespoons of lemon juice. Soak four teaspoons of gelatin in two tablespoons cold water, and then dissolve it in the hot, melted cranberry. Strain and cool. Add one-fourth cup of diced celery and one-fourth cup of chopped nuts

when beginning to stiffen. Pour into molds wet with cold water, and chill. Turn onto lettuce leaves and serve with celery hearts stuffed with cream cheese. This recipe is sufficient for eight.

Frozen Cranberries Are Fine

To prepare them, boil one-fourth cup sugar and one-fourth cup water to a syrup, and dissolve in it one-half tablespoon gelatin which has been soaked in two tablespoons of cold water. Add two tablespoons lemon juice, one-half cup orange juice, and the contents of a No. 2 can of cranberry sauce, well mashed or pressed through a sieve. When cool, freeze to a mush, add one well-beaten egg white, and continue freezing. Pack when done for several hours in ice and salt. Serves eight.*

Special Town Meeting Called At Colrain for Tuesday

A special town meeting has been called for Tuesday, August 20 at two o'clock for the purpose of appropriating additional funds to meet the necessary repair work on the bridges. Unexpected expenditures have exhausted the amount already appropriated and made necessary the setting aside of additional funds for the bridge work.

Four Thousand Regulars Now Concentrating Near Brattleboro

The first of the regular army units to leave their post for the army concentration area at Brattleboro and Bellows Falls, Vt., broke camp at Fort Rodman, New Bedford Tuesday.

The unit comprised Battery E of the 10 Coast Artillery and Headquarters company of the 18th brigade. It included 150 men and was commanded by Capt. George R. Baker.

Four thousand regulars will make up the concentration encampment. They will leave their posts to hike over the road at intervals during the next few days.

STATE FAIR SEASON STARTS NEXT WEEK

The open season of agricultural fairs in Massachusetts will begin next week with the seventy-third annual gathering of the Nantucket Agricultural Society, August 20 and 21. The season will last about eight weeks and during that time there will hardly be a day when some fair or other is not offering all kinds of inducements to its old

friends and new ones. The inducements will range all the way from the great attractions of the Eastern States Exposition at Springfield, New England Fair at Worcester and the Brockton Fair, down to a simple invitation to "come back to the home of your childhood" sent out by the hill town fairs.

Attendance at these agricultural fairs is a very different thing from what it was a few years ago. The general ownership of automobiles has broadened the range of attendance from a few miles to the whole state and nearby sections of adjoining states. There will be visitors at Nantucket and Marshfield from Western Massachusetts next week and there will be a good many from near Boston taking the trip clear across the state to Great Barrington Fair in the southern Berkshires five weeks later.

The list of Massachusetts agricultural fairs is as follows: Nantucket, August 20-21; Marshfield, Aug. 21-24; Gardner, Aug. 21, 22, 23; Barnstable, Aug. 29, 30, 31; Heath, Aug. 28; Oxford, Aug. 29, 30, 31; Middlefield, Aug. 30, 31; Weymouth, Aug. 31, Sept. 1, 2; Athol, Aug. 31, Sept. 1, 2; Blandford, Sept. 2, 3; Sturbridge, Sept. 2, 3; Barre, Sept. 6, 7; Greenfield, Sept. 9, 10, 11; Topsfield, Sept. 11, 14; Bridgewater, Sept. 12, 13, 14; Acton, Sept. 13, 14; Charlemont, Sept. 6, 7; Lunenburg, Sept. 13, 14; Springfield, Sept. 15, 21; West Tisbury, Sept. 17-19; Groton, Sept. 19-21; Uxbridge, Sept. 20, 21; Cummington, Sept. 24, 25; Great Barrington, Sept. 24-27; Worcester, Sept. 24-28; Southborough, Sept. 25; Littleville, Sept. 28; Northampton, October 1, 2, 3; Brockton, Oct. 1, 2, 3, 4, 5; Segreganset, Oct. 10, 11.

Christian Endeavor Conference

The Massachusetts Christian Endeavor Conference at Northfield commences on Monday, August 19 and will continue until Monday, August 26. This is the last of the scheduled conferences this season.

Young people desiring training in Christian leadership, and especially those definitely interested in service through the Christian Endeavor Society, are invited to the Conference, meeting this year in its twenty-third summer session. Former delegates are urged to attend to complete their leadership training course and receive the certificate given by the International Society of Christian Endeavor.

The daily program, combining worship, instruction, service, and recreation, opens in the morning with a chapel service, followed by three sessions in the School of Methods. Afternoons are open for recreational activities. Vesper meetings are held on Round Top, and evening services in Russell Sage chapel. Dr. Daniel Poling, president of the International Society of Christian Endeavor, and others will address the Conference.

Campbell Morgan Will Speak Next Sunday at Two Services

The Rev. Dr. G. Campbell Morgan, who has been addressing thousands at the Northfield General Conference this week, will be a speaker at two of the Sunday services on August 18, according to an announcement made here on Thursday by W. R. Moody, chairman of the conference.

Though he is without college or theological school training, Dr. Morgan is recognized today as one of the foremost Biblical expositors of the world. He was first heard at a Northfield conference in the days of Dwight L. Moody, and has for years been a leader and supporter of the religious enterprises at Northfield.

Special music and singing by the children of the Northfield Virginia Fresh Air Camp will be a part of the extensive program arranged for Sunday as the closing day of the Northfield General Conference. The other speakers for meetings throughout the day have not been announced. It is expected that Dr. Morgan will lead the morning auditorium service and a later meeting in the afternoon.

Wendell Observed Old Home Day on Wednesday

The town of Wendell observed another "Old Home Day" Wednesday when former residents were welcomed back to their native town by the present residents. The program opened with an entertainment given in the town hall by the children, which proved most interesting. C. M. Ballou, president of the Old Home Day association, presided at the sessions and there was speaking by Miss Genevieve Robinson, a Chinese sketch and other numbers and vocal solos by the "Sunshine Girl" from Boston.

The Old Home Day address was delivered by Rev. A. A. Brondson of Baldwinville, in the afternoon and the address of welcome was given by C. M. Ballou. During the afternoon, a number of sporting events were carried on and there was a baseball game between teams representing Leverett and Wendell. Bergeron's family orchestra furnished music throughout the day. The ball closed the event at the town hall.

UPHOLDING RIFLE SHOOTING TRADITIONS OR THEIR FOREFATHERS

Picked from among nearly four thousand youthful residents of New England states, thirteen outstanding candidates of this summer's Citizens' Military Training Camps in the First Corps area will uphold the rifle shooting traditions of New England against crack shots from all parts of the United States in the annual National Rifle Matches to be held at Camp Perry, Ohio, from August 25 to Sept. 15.

The thirteen were named in an announcement from the headquarters of Major General Preston Brown, commanding the First Corps Area of the Army, under whose supervision the C. M. T. camps were held. General Preston Brown picked them as the choice among the four thousand, it was said at Army headquarters, "because of their markedly good character, sense of responsibility, and ability to become instructors in rifle practice."

As representatives of the First Corps Area they will fire for the National rifle championship of the C. M. T. camps against teams from each of the other eight corps areas into which the United States is divided. In addition, those youths will toe the firing line with sharpshooters, many of them marksmen of international fame, who will represent the regular army, navy, marine corps and leading civilian shooting clubs.

Five of the thirteen youths were selected from students at Fort Ethan Allen, Vt., C. M. T. camp. They are Allen Morrison, Cambridge, Mass.; Randall Clark, Winthrop, Mass.; Raymond D. Mann, New Bedford, Mass.; William P. McCarthy, Roxbury, Mass.; David J. Storey, Malden, Mass. From Fort McKinley, Maine were named Edward J. O'Donnell of Holyoke, Mass.; Irving B. Merry, North Edgecomb, Me.; Francis W. Haskell, Bar Harbor, Me.; Charles F. Blaisdell, Rockland, Maine. From Camp Devens, Mass. are John M. Kemper, Manchester, N. H.; Raymond E. Blanchard of Somerville, Mass.; and from Fort Adams, Mass., Perley L. Everett of Concord, N. H.; Reginald H. Perry of Providence, R. I.

When the C. M. T. C. youths of this Army area arrive at Camp Perry they will form part of a large group numbering no less than two thousand of America's leading rifle and pistol experts who are to participate in the big carnival of shooting events arranged by the National Rifle association. Especially elaborate and varied are the numerous trophies and awards which have been placed in competition for winning individuals and teams.

Encouraging reports come from the Springfield hospital of the condition of Mrs. M. Z. Woodward of Masonic avenue, who underwent an operation there one week ago. Her many friends hope for her speedy recovery.

Joseph Allen, John Sommer and William Noonan are employed as traffic officers on the new Shelburne Falls to Griswoldville highway. The road has not been closed since the work began but one way traffic has been in effect. A new bridge is being built near the S. E. Temple farm replacing the old bridge used there for many years.

Lake Pleasant

Two great audiences assembled in the Temple Sunday to hear Mrs. Elizabeth Harlow Goetz and Rev. Otto von Bourg as speaker and psychic. The streets in the vicinity of the Temple were lined with cars and the seating capacity of the Temple was taxed to its utmost in the afternoon. Mrs. Goetz is nationally known as an orator and lecturer and her discourses at both forenoon and afternoon roused her hearers to a high pitch of enthusiasm.

As the psychic who followed Mrs. Goetz in the afternoon with spirit messages and gave a message service in the evening, Mr. von Bourg's remarkable psychic gifts were well demonstrated.

Prof. John Ringhofer and Mr. and Mrs. Fred Schneider added greatly to the enjoyment of the services with their vocal and instrumental selections.

Announcement was given that Frederick Nicholson of Boston, who had been engaged as speaker and psychic for next Sunday had cancelled his engagement with the camp and that Mrs. Elizabeth Harlow Goetz would speak and give messages Sunday morning and would lecture in the afternoon, followed with message work by Mr. von Bourg who would also hold a message service in the evening. Mrs. Amelia Adams would also participate in the services next Sunday.

Okra Emigrates

FORMERLY people who lived in the North could get okra only in its dried form. Now the canning of okra, whole or sliced, has virtually supplanted the older form, and the Northerner as well as the Southerner can get this distinctive vegetable in cans.

How to Cook Okra

The small pod of the okra is the part that is eaten, and its mild flavor is much liked by its devotees. Creole cooks whose flair for good cooking is too well known to need proclaiming are famous for their gumbo (or okra) soups. Okra is especially good in combinations with tomatoes. Or, for a more substantial dish, okra can be combined with cheese to make:

Okra au Gratin: Cut the okra from a No. 2 can in thin slices.

Make a cheese sauce by melting three tablespoons butter, stirring in three tablespoons flour, one-half teaspoon salt and one-eighth teaspoon pepper, and adding one and one-half cups milk gradually, stirring constantly. Cook until smooth and thick, still stirring constantly. Then add three-fourths cup grated cheese and stir until melted. Combine with the okra, and pour into individual buttered ramekins or custard cups. Cover with crumbs and brown in a hot oven. This recipe will serve six people.

Canned okra may be well seasoned with salt and pepper and served by itself as a dinner vegetable. Sometime when you are feeling tired of all the ordinary vegetables, why not try this unusual vegetable? It will undoubtedly be a welcome addition to your food repertoire.*

The second of the old folks' dances was held in the Temple Monday evening with E. S. Putnam, the old fiddler, assisting in the playing. Real old time dances were enjoyed and a good time was given to all.

The long bridge over the ravine is completed at a cost of approximately \$3000. The electric "ships" lanterns were installed last week and the bridge which is an entirely new structure from the ground up is very handsome.

The special turkey dinner served at the Lake Pleasant Inn Sunday attracted about one hundred diners. The Inn, under the management of the camp meeting association, has regained its old time prestige and clientele and last Saturday night many prospective guests were romed at the cottages on the grounds, rooms at the Inn being all taken.

The camp meeting season has opened most auspiciously.

NEW ACCESSORY

The apparently respectable man was brought into court for a petty theft. The judge interrogated him and it appeared he had been caught running off with a sign from a construction job.

"What did the sign say?" the judge asked.

"No Help Wanted."

"Well, what in the world did you want with it?"

"You see, Judge," was the meek answer, "I was going to hang it in the back of my car, where my wife could see it."—(Boston Transcript.)

Co-Operative Wheat Pool Expands Its Grain Marketing Facilities

WINNIPEG, MAN.—When the three provincial wheat pools of Western Canada have completed their 1929 building programs, 1,608 grain elevators will be operated in the wheat belt. Saskatchewan will have the greater number, 1,055 being its share, with 390 in Alberta and 163 in Manitoba, according to a bulletin by the Department of Colonization and Development of the Canadian Pacific railway.

"The elevators put an immense storage capacity under the control of the pools, which are owned and operated by the farmers themselves," says the bulletin. "The elevators will have, at shipping points, a capacity of from 30,000 to 45,000 bushels each."

"The building program of the Saskatchewan Pool calls for the erection of eighty-one elevators this year,

made up of twenty-seven at new points, each with 35,000 bushels capacity, second elevators at thirty-one points with a capacity of 45,000 bushels each, and twenty-three old houses to be torn down and rebuilt.

"In Alberta and Manitoba, the construction will be mostly at new points. Alberta will erect seventy-two elevators and Manitoba twenty. The building programs will result in the erection of 173 new elevators in the Prairie Provinces this year. They will all be under the control of the co-operative grain organizations. The pools control great terminal elevators at the head of the Great Lakes. From a handful of farmers organized a few years ago to market their grain, the wheat pools have developed into one of the largest co-operative farm organizations in existence."

Tax Rate of \$20.00 Per Thousand Is Announced

The assessors have announced a tax rate of \$20.00 a thousand the same as last year. This comes as a pleasing surprise to local tax payers. The unusually large surplus of last year enabled the town to keep the rate the same despite the extra expense incurred by land damage resulting from the construction of the new state road and the expense of repairing the bridge at Millers Falls. The town is completely out of debt, a showing of which few towns can boast. This is due to a note of the town to use the surplus cash for buying up outstanding bonded indebtedness. The total valuation is \$2,236,934, of which, \$1,658,090 is real estate and \$578,844 is personal.

Corn—This Month's Economy

In combination with fresh vegetables, canned ones may often be used to good advantage. For instance, a judicious blending of canned corn with fresh squash, celery or tomatoes will result in a dish which is unusual and delicious. At the same time the reasonable price of the canned food will offset the higher cost of the fresh, and so will lower the total cost for the dish. Here are some recipes which show how canned corn can be combined with other foods.

New Corn Recipes

Summer Squash with Corn: Sauté one sliced onion in three tablespoons of drippings, add a pound of peeled and thinly-sliced summer squash and sauté a few minutes longer. Add one cup water, cover, squash, and cook gently until tender. Add one cup of canned corn, one

teaspoon salt and one-eighth teaspoon pepper and bring to boiling. **Mexican Corn:** Sauté one chopped onion in two tablespoons butter until golden brown, add one tablespoon flour and stir smooth. Add two cups chopped, fresh tomatoes, two cups canned corn, two chopped pinonies, one teaspoon salt, one teaspoon sage and one-eighth teaspoon pepper. Pour into a buttered baking dish, cover thickly with crumbs and brown in a hot oven.

Indian Corn: Dice one green pepper and sauté in two tablespoons butter until a golden brown. Cut link sausages into slices, add to pan and sauté until about half done. Add salt and pepper, contents of a number 2 can of corn, one-half cup milk and two slightly beaten eggs. Mix well. Pour into buttered baking dish and bake about thirty minutes in a moderate oven (350 degrees F.).

Mr. and Mrs. C. D. Stearns and family, Mr. and Mrs. Chester Thomas and the Cheshire County Guernsey club Mr. and Mrs. Charles Bell attended meeting at the G. W. Wilder farm in Rindge August 7th.

The annual lawn party held under the auspices of St. Joseph's society on Thursday evening, August 8th, was without a doubt a complete success both socially and financially. There was an exceptionally fine supper served at 5:30 o'clock to over 265 people.

This was followed by the usual display of booths on the lawn at the rear of the church and a farce was given by the Camp Marquette boys. Dancing was enjoyed until 11 o'clock.

Francis Majer and Mr. and Mrs. Charles Howe and family were in Worcester, Mass., from Saturday until Monday.

Mrs. Louis Dickerman spent the past week in Peterboro, N. H.

SPEAKING OF BOATS

A young bride who made her honeymoon trip on a Lake Erie ore boat was describing her travels to some friends.

"I understand you went up the lakes," said one.

"We did," the bride replied.

"On a steamer?"

"No in a great ore boat."

With a patronizing smile the friend exclaimed:

"Don't say our boat, child, say 'row boat'."—(Youngstown Telegram.)

"I've Been Reading"

By WILDER BUELL

"SPLENDORS OF GOD", by Honore
Willie Morrow, William Morrow & Co.,
New York. 374 pages, \$2.50.
The arts have never been invoked to
deal adequately or convincingly with
the Protestant Church since the days
of Milton and Bunyan. Innumerable
heroic and romantic lives have been
lived in the far corners of the world
by the saints of our own communions,
unpraised and unsung except in the
narrow field of their coworkers and
supporters. It is a rich field for the
literary artist and one that can be ex-
ploited to the great benefit of the arts
and the world's understanding. For
there has been altogether too much
cynical and even ribald criticism of the
Christian missionary effort of late
years, stimulated, I believe, by groups
who are not themselves Christian and
who do less than justice, even from
the point of view of disinterested
scholarship, to the beauty and glory of
these lives.
It ought to be peculiarly gratifying,
therefore, to all those interested in
missionary effort, as well as to all those
who admire courage and devotion to
an ideal wherever found, to know that
Honore Willie Morrow has taken for
the theme of her latest novel the life
of Adoniram Judson, Baptist mission-
ary to Burma in the early part of the
nineteenth century, with her extra-
ordinary gift for making the great
figures of God with reality. And she
has brought out, as a more formal
biography would not do, the impor-

tance of the two women who most in-
fluenced his life, has shown the Pro-
testant Christian ideals of monogamy
and equality against a background of
Eastern asceticism. It is a fine and
stimulating book.

But, as one reads, it is impossible
not to wonder if this may not be one
of the epics of a life that is gone. Just
as the story of the frontier is being
told again and again for the very rea-
son that it is vanishing, may we now
get a group of novels on the work of
the early missionaries for the very
reason that their work is done? As
nations, including the backward peo-
ples of the tropics and the East, be-
come self-conscious, will they not in-
creasingly resent the sending of mis-
sionaries from Europe and America to
proselyte among their own people?
Does this mean that the ideals and the
messages of Christianity are to be
lost? There is meeting this fall at
Geneva a conference of the Christian
Churches of the world to which all re-
ligions are invited, Buddhist, Moham-
medan, Confucian and other sects.
Will not such meetings as this result
in the pooling of the best that is in
all religions, and the discarding of the
nonessentials? It is missionary effort
as truly as the older way. But it
means that the messages of Chris-
tianity are given direct to the leaders
of religion in each country instead as
in the past, to the people against the
opposition of other faiths. We should
like to see a meeting of this kind here
in Northfield, a conference of the re-
ligions of the world to see if all those
who love God may not find a common
ground for peace on earth, the brother-
hood of man, and the worship of the
Almighty. IS IT NOT POSSIBLE
THAT IT IS GOD'S PLAN, INSTEAD
OF TOLLING AND PRAYING AND
RAISING MONEY TO SEND WORK-
ERS OUT FROM NORTHFIELD TO
THE FAR CORNERS OF THE
EARTH, THAT WE BRING THE
LEADERS OF RELIGION FROM THE
FAR CORNERS OF THE EARTH TO
NORTHFIELD AND TELL THEM
ABOUT IT HERE?

Good Recipe for Worry

Matthew 6:25, 26, 33. Jesus said:
Therefore I say unto you, Take no
thought for your life, what ye shall
eat, or what ye shall drink; nor yet
for your body, what ye shall put on.
Is not the life more than meat, and
the body than raiment? 26. Behold
the fowls of the air: for they sow not,
neither do they reap, nor gather into
barns; yet your heavenly Father feed-
eth them. Are ye not much better
than they?

Matthew 6:33. But seek ye first the
kingdom of God, and his righteous-
ness; and all these things shall be
added unto you.
PRAYER:—We would, Lord, cast all
our care upon Thee, for Thou carest
for us.

Ye Olde Favorites

By Betty Barclay
No matter how many new recipes one
tries, a few of the old timers should
never be forgotten. Lemon pie is a
dessert that we demand every so often.
Here are two recipes, showing novel
methods of composing this delicacy.
Whether or not you like your own
lemon pie, try these:

PATTY CAKE PIE

3 eggs
3 tablespoons lemon juice
1 tablespoon lemon rind
1 cup sugar
3 tablespoons flour
1/2 teaspoon salt
1 tablespoon melted butter
1 1/2 cups milk

Beat egg yolks until thick and lem-
on-colored. Add lemon juice and rind.
Mix sugar, flour and salt and add
to lemon mixture. Stir in melted but-
ter and milk and fold in stiffly-beaten
egg whites. Turn into pie tin lined
with crust and put into hot oven (450
degrees). After 10 minutes reduce
heat to moderate (350 degrees) and
continue baking 20 minutes longer, or
until filling is firm.

CHIFFON PIE

1 1/2 cups sugar
1/2 cup flour
1/2 teaspoon salt
1 1/4 cups boiling water
Juice of 1 lemon
Juice and grated rind of 1 orange
3 eggs
Mix sugar, flour and salt; add boil-
ing water, stirring constantly. Cook 15
minutes. Add well-beaten egg-yolks,
rind and juice of fruit and cook until
thick. Cool. Make meringue of the
whites of the eggs, 1/2 cup powdered
sugar and 1 teaspoon lemon juice.
Whip one-fourth of meringue into cus-
tard mixture and turn into baked pie
shell. Cover with remaining meringue
and brown in moderate oven.

The Cod Leaves Boston

"THE land of the sacred cod"
Used to mean only Boston, but
with new developments in the
fish industry there is no telling just
how far the phrase may soon apply.
One of the largest factors in sup-
plying codfish to inlanders has been
the recent canning, as well as salt-
ing, of the fish. Canned codfish is
ready to cook just as salmon or tuna
is ready for use.

Flakes or Cakes

Even canned codfish is put up in
several ways. One is in flakes,
large, toothsome flakes which may
be creamed, made into hash, tim-
bales, and used with omelets, in
salads or in other ways. It saves a
lot of time not to have to soak
dried codfish in making cakes or
cream sauce for baked potatoes, for
instance, but to use these flakes or
canned codfish instead.

Another variety of codfish is of
such a character that it can be easily
shaped with the hands, and, when
fried in deep fat, makes crusty, ten-
der balls; or it may be turned out
of the can, sliced and sautéed. Cod-
fish hash is also put up in cans.
Canned codfish is not expensive and
is a welcome addition to any meal
in the day.

To make fish flake timbales, add
one-fourth cup sifted bread crumbs,
one-fourth teaspoon paprika, two
well-beaten eggs and one and one-
half cups milk to a can of fish flakes.
Mix well and turn into buttered
timbale molds or patty pans. Stand
these in a pan of boiling water
reaching nearly to the top. Bake
until firm. The water should barely
be simmering. Unmold timbales
onto a hot platter; garnish with white
sauce and sliced, hard-cooked eggs.

Public Schools to Open on Tuesday, September 8th

The public schools of Winchester will open on Tuesday, Sept. 8, 1929. According to the regulations of the School Board no child may be admitted to the first grade unless he is six years old or unless he will be six before Jan. 1, 1930.

Chapter 125 of the School Laws states the "no child shall attend a public or private school in this state unless he has been vaccinated; or has had the small pox; or has submitted to the process of vaccination not less than three months or held a certificate from a registered physician that he is, an unfit subject for vaccination."

In accordance with the above statute parents are urged to have their children vaccinated before the opening of school. All children that have been vaccinated once or twice without effect should be vaccinated once or twice more as the case may require.

Beginners will be admitted only upon admission cards furnished by the Superintendent of schools. Superintendent W. H. Douglass will be at the Center School in Winchester Wednesday Aug. 28, and Saturday Aug. 31 from 3 to 4 P. M. At these hours he will be prepared to issue admission card and will be pleased to confer with parents about any problems connected with the education of their children. Mr. Douglass will be at the Upper School in Ashuelot on the same dates from 4 to 5 P. M.

There will several changes in the teaching staff for the coming year. Miss Madeline Clock of Raymond, N. H., a graduate of Plymouth Normal will take the place of Miss Juna Oakes in the Scotland School. Miss Ruth Flanders of Colebrook, a graduate of Plymouth will succeed Miss Sanborn in Grade 6. At the Thayer School Miss Hattie Record of East Jaffrey, N. H., University 1929 succeeds Miss Stewart as teacher of English and History; Miss Lucille Brunelle of St. Johnsbury, Vt., a graduate of University of Vermont will take Miss Wolfe's place as teacher of French and Latin.

FAMOUS SOLDIER, IN OFFICE, STILL RIDES

Sitting all day long, every day at a desk—one of the most important desks in the United States—is an active man whose picture, showing him sitting erect on a horse, would be recognized instantly by thousands of Americans. He is General J. G. Harbord, now President of the Radio Corporation of America. He was Chief of Staff of the A. E. F., commanded the Marine Brigade of the Second Division in Belleau Woods and Buresches when the division stopped the German advance at Chateau Thierry, and in the Soissons Offensive in the battles of July 18 and July 19 he commanded the division.

There is interest for the average American, who always has the best intentions of keeping fit, in how General Harbord has managed to be so successful at it since his outdoor routine was changed suddenly by his new position.

He accomplishes that by consistent exercise, including as a principal item a daily horseback ride. He keeps a horse in Central Park. Every morning, while the average man is lying in bed, he is up and dressed. At 6:45 o'clock he is riding briskly through the wooded park with his friends.

EIGHT NEW AMERICAN RADIO LINKS ABROAD

The inauguration of eight new international radio services in the last year by R. C. A. Communications, Inc., subsidiary of the Radio Corporation of America are announced in the report of the corporation's directors, just issued, taking radio to thirty-two countries outside the United States.

This advance of America in international radio communication is a matter of great importance to the United States not only because of the swift and accurate service thus increased, a service which already has brought down international cable tolls, but also because it shows the United States is holding against some difficulty a leadership in radio communication of which Americans may well be proud.

The new international radio services inaugurated in the year were to Maracaibo, Venezuela; Shanghai by the way of the Philippines, Montreal, Portugal, Australia by way of Montreal, Curacao in the Dutch West Indies, Liberia and Cuba.

Trans-Atlantic circuits are in operation with twelve different countries. Norway, Sweden, Holland, Belgium, France, Great Britain, Germany, Italy, Turkey, Portugal, Poland and Liberia, with circuits soon to be established in Syria and Spain. Latin American countries with which it is in direct communication are Porto Rico, Dutch West Indies, Colombia, Maracaibo and Caracas, Venezuela, Dutch Guiana, Brazil, Argentina, Santo Domingo and Cuba. The company's trans-Pacific circuits carry on radio communication with Hawaii, Japan, China, French Indo-China, Java, the Philippine Islands, the Fiji Islands and Siam. It also operates the circuit with Montreal, connecting with Australia.

Deerfield

A committee comprising the following members of the Ladies' Aid Society of the Congregational church: Mrs. Edward Rice, Mrs. Herbert Graves, Miss Hattie Eaton, Mrs. Myron Hager, Mrs. Beattie Gaskell and Mrs. L. J. Taplin have opened a roadside stand on the property of Miss Hattie Eaton on North Main street, nearly opposite the church. This committee is cooperating with the decorating committee. For the present the stand will be open afternoons and early evenings, women of the church being in attendance. The committee would appreciate donations of surplus vegetables, and flowers from the townspeople or contributions of pies, cakes, or other things in the line of eatables.

Mr. and Mrs. George Smith of Cincinnati, Ohio, are guests at the home of Mr. Smith's brother, Lewis H. Smith of North Main street. Mr. Smith was formerly a South Deerfield resident and a graduate of Amherst college some years ago. He has been for many years connected with the "Big Four" railroad as consulting engineer.

The assessors recently completed their work for the present on the tax levy. The amount of the general warrant was \$108,176.96. South Deerfield Fire District \$2,301.16; Deerfield Fire District \$526.67. Four Motor vehicle excise warrants have previously been given to the collector for over \$6000. During 1928 only about \$3,000 was received from tax on automobiles. 786 poll taxes were assessed, and 712 tax payers were assessed in real estate and personal. Total valuation \$4,125,742 up to July 1. The motor vehicle valuation which last year was in with the personal property, amounted to about \$180,000. Deerfield's tax rate is \$26.22 per thousand, which is \$3.38 less than last year.

FLEEING MAN CAUGHT BY A RADIO PICTURE

Constantino Queruben has a chance today to share a certain pride with the old crook character in Bayard Veller's famous play, "Within the Law," in that he introduced a new era in criminal history. Veller's character boasted that he was the first man to use a Maxim silencer in shooting his victim. Queruben was the first man captured by detectives by means of a radio photograph.

The chase after which Queruben is being taken back to New York to face charges of swindling and forgery extended over 5,500 miles and ended in Honolulu harbor. The sleepy Filipino was roused from his berth at 5 o'clock on a recent morning and identified positively by a facsimile radio photograph, taken from an original in the files of the Bureau of Information in New York Police Headquarters and projected 2,600 miles across the Pacific Ocean by the Radio Corporation of America.

Northfield and Warwick
Play to a Tie

Baseball of all sorts was served to Northfield fans last Friday night when Warwick and Northfield played to an 8 to 8 tie.

Some good catches were made by Moyer and some good throws by Reed featured the fielding. Pratt, Warwick shortstop, hit for the circuit with two on.

Don't forget the big game tonight. Shelburne Falls. Always a good game.

YOUTH--AND THE NEW LEADERSHIP

By CRAIG B. HAZLEWOOD

President American Bankers Association

LEADERSHIP is a picturesque word. With it, one pictures Hannibal fighting his way through the passes of the Alps—Napoleon in his campaigns—or Washington holding together his half-frozen army by the sheer magnetism of his character at Valley Forge. But I visualize something that holds a more astounding spectacle in many respects than any of these. It is the onrush of our business life. Our economic progress plunges ahead at a rate unheard of in the history of the nations of the world and every industrial and financial leader is daily brought face to face with new and perplexing problems requiring the highest courage and intelligence for their solution.

Ninety billions a year, they tell us, this country is now producing in new wealth. The rate of increase is even more staggering than the amount. It is difficult to say where it may lead us in even ten or fifteen years.

We are moving exceptionally fast. Our economic and industrial structure is placing before us problems of greater and greater magnitude. Few men can see far ahead. Few are in complete control, for this is a changing world, as even the most inexperienced business man will readily testify. Our methods of adjusting ourselves rapidly to economic changes and of cooperating are far from perfect.

What an opportunity the leadership of five, ten or fifteen years from now presents! What an adventure it will be! What responsibilities it will lay upon the broadest shoulders that may be found! This is the challenge to leadership as I see it. In the hands of the young men must rest the responsibility for this leadership.

Boys Who Reached the Pinnacles
Business is full of the romance of youngsters whose chief characteristic was working hard and keeping at it. There was a green farmer boy who decided he would rather stand behind a counter than follow a plow. He seemed so obviously lacking in sales ability that for a time no merchant would hire him. He failed in his first position, and in his second his salary

was reduced. He even agreed that he was a misfit—but he stuck. Out of his first five stores, I believe, three failed. But he persisted and worked hard. And that boy, Frank W. Woolworth, became the greatest retail merchant in the world with a store in every city of eight thousand or more population in this country.

There was another lad who clerked in a grocery store sixteen hours a day and studied mathematics in his odd moments. He became interested in the doings of the steel plant whose employees traded at this store. He began to study steel and sought a position in the plant. He carried a surveyor's chain and drove stakes. At night he studied mathematics and engineering. He did not despair. He could not be diverted. He kept the pressure on for seven years. And that boy, Charles Schwab, mastered the iron industry and became one of the country's great industrial leaders.

There was a lad who sold papers on a train. When he grew up, several million men and a score of billions of dollars of capital were given profitable employment through his inventions. Even in middle life, Thomas Edison continued to work twenty hours a day, if necessary to achieve his purpose.

Leadership is not play. Leadership offers countless positions of varying opportunity, of which the highest pinnacles will mean almost unbearable responsibility in the new era. There will be men with the fire and iron to qualify even for these places. Such men must have had the very finest preparation and the most grueling tests. Their reward will be the attainment of these highest pinnacles of achievement, and the rendering of an immeasurable service to their times.
